1. INTRODUCTION

INTRODUCTION

Elemec Group of Companies opened its doors for the first time in 1993 with the establishment of **Elemec Electromechanical Contracting L.L.C** in Dubai, United Arab Emirates. Elemec Electro Mechanical Contracting Company is one of the leading electromechanical contractors in the U.A.E with branch offices at Mumbai in India, Muscat in the Sultanate of Oman, Doha in the state of Qatar and Abu Dhabi & Sharjah in the U.A.E. Elemec has been an exemplary of an established MEP company in the region with a widely acclaimed reputation for excellence, innovation and cost effective engineering.

Since its inception, the company has undertaken a prestigious portfolio of electromechanical projects within the Middle East including Hotels & Resorts, High Rise Commercial and Residential Buildings, Mall and Shopping Complexes, Industrial Kitchen and Laundry Facilities, Multispecialty Hospitals and Specialized Clinics, Central Cooling Plants, Schools and Education Institutions, Car Show Rooms, Luxury Villas, Industrial Installations and Applications, Airport and Runways and Mosques. Some of the likes include the Lofts at Down Town Burj Development for Emaar, Business Park in DIP for Dubai Properties, the Golf Towers in the Green Community for Emaar, the Al Tayer Car Showroom-the largest car showroom in the Middle East, La Riviera Tower at the Dubai Marina, J2 Tower at Jumeirah Lake Towers, the American Academy Hospital at Dubai Health City, the Tilal Complex consisting of the Muscat Grand Mall – the largest mall in the Sultanate of Oman and the Souq Wafiq Hotel in Doha – Qatar.

The Group's corporate office premise is located at the Dubai Investment Park. The premises encompasses an area of more than 100,000 square feet accommodating its Central Stores, Elemec A/C Systems Industry L.L.C & the Prefabrication unit which supports the mechanical operations and the Power Control Unit which supports the electrical (Switchgear and Automated control panels) operations of the Group across the Middle East and India.

Elemecs A/C Systems Industry LLC serves as a Manufacturing Unit of air conditioning ducts and air outlets with associated accessories such as volume control dampers, air filters and sound attenuators. The manufacturing unit is equipped with a wide range of modern machinery and equipment including computerized plasma cutting machines with a production capacity of more than 15000 square feet of duct per day.

The Group has an in-house Low Current Systems division to cater to growing importance /need in MEP industry.

Further an in-house testing & commissioning maintenance team completes the profile of the company as a One Stop Shop Solution for MEP works.

The Group's MEP Operations in Dubai is managed from their head office based in the Dubai Printing Press Building at Bur Dubai. The Office space occupies 15,000 square feet of the Mezzanine floor with strength of more than 100 engineers and other staff members. The group considers its employees and work force as their main asset and works diligently towards creating an environment of trust, good communication and team spirit among the staff.

The workforce are accommodated in Elemecs own facilities with a central mess and all recreation provisions capable of serving up to 1500 members at Al Quoze Industrial area Dubai.

OFFSHORE OPERATIONS:

Elemec's excellence in M.E.P execution has been acknowledged across the borders of the U.A.E. This acclamation called for its expansion to the Indian subcontinent, Sultanate of Oman and Qatar.

Mumbai - India (2010)

In India, Elemec has an exclusive presence of being a provider of integrated M.E.P solutions. This is achieved by rendering enhanced co-ordination among the different M.E.P services, integrated value engineering, harmonization of all phases and improved serviceability. The international work nature of the Middle East has created a wide knowledge base among Elemec's work force which they have successfully implemented in the current tallest tower in Mumbai, One Avighna Park to add enormous value and benefit for their highly esteemed Client.

Established under the name of **Elemecs India Electromechanical Engineers and Contractors Pvt. Ltd.** the office is located in the Wellington Business Park - 2 at Andheri East and controls the Indian operations with governance from the corporate management. Elemec has been involved in the design, engineering and execution of the MEP works of One Avighna Park for Nish Developers at Lower Parel, Mumbai. The 64 storied structure comprising two Towers and Rehabilitation buildings.

The Group is also occupied in the execution of Elemec Group's ambitious in-house project, a 500-bedded Multi-specialty Hospital in Kayamkulam, Kerala - India. Elemec's insight of offering value to the society will now expand to the entire health care spectrum through this initiative.

Muscat - Sultanate of Oman (2009)

Expanding to the Sultanate of Oman in the name of **Elemec Electrical Contracting L.L.C**, Elemec secured and started the effective operations of the landmark project, Tilal Complex comprising Oman's largest grand mall in the name of Muscat Grand Mall at Al Khuwair. Elemec have provided its professional expertise and knowledge to complete the project with the highest standards and created a staunch presence in the region. The Group is currently in the process of executing the Holiday Inn Hotel near the Seeb Airport in Muscat among other projects.

Doha - Qatar (2010)

In keeping with its dexterity for growth, the group has established new branch in Doha at Qatar in the name of **Elemec International Electrical Contracting LLC**. The Group aims to further extend its knowledge of creative, sustainable and cost effective engineering through its professional expertise and resources in the field of electromechanical engineering to the construction industry in Doha by executing The Souq Wafiq Hotel at Doha, Qatar.

DIVERSIFICATION

Taking cognizance of the need for the local population in Kayamkulam, Kerala to have a mall for their shopping experience, Elemec diversified into the retail industry to provide the coveted service by inaugurating their first wedding castle in the heart of the city in 2006.

Elemecs Wedding Castle

Elemecs Wedding Castle - Kayamkulam (EWC) was launched with its panoply of regional and international brands and set about the pace for a revolutionary change in the shopping concepts of Kerala, India. It is now one of the leading retail textile and jewellery outlets in the region.

Elemecs Multi Specialty Hospital and Research Centre – Kayamkulam

The project is currently in an advanced stage and projected completion by end of 2016.

Elemecs Charitable Trust

Elemec Group of Companies is also very committed to its social responsibilities at an organizational level and directs its activities under the name of **Elemecs Charitable Trust** which was established in 2007 in Kerala, India. The Trust has been involved in various charity works to date and is committed to supporting communities through community regeneration and providing aid to other disadvantaged people by funding for their domestic needs, education and training.

ELEMEC ELECTROMECHANICAL CONTRACTING L.L.C, DUBAI, U.A.E

Elemec Electromechanical Contracting LLC, founded in 1993, has grown from a medium sized enterprise to one of today's highly successful and leading electromechanical contracting companies in UAE with a solid base of skilled labour force and effective Management team. Within the span of 23 years, the company has undertaken projects of all sizes ranging from villas to palaces, club houses, shopping malls, commercial/residential buildings and group of towers. The company has been undertaking many prestigious electromechanical turnkey contracts involving electrical, plumbing, air conditioning, ventilation, car park ventilation system with CO monitoring, state of the art security, fire alarm, fire fighting, sprinkler, MATV, CCTV, lighting control, PA/BGM, lightning protection, telephone, structured cabling and building management systems sectors.

Elemec Electromechanical Contracting history is one of innovation - one marked by creative approaches, as well as the development of increasingly sophisticated systems, reflecting a unique blend of technical expertise technologies.

Superior responsiveness to customer needs is one of Elemec Electromechanical Contracting hallmarks. Whether involved in consulting and engineering projects or monitoring and preventative maintenance programmes, the company's engineers and support staff take special pride in their ability to serve clients in an efficient, individualised and effective manner.

Elemec Electromechanical Contracting is a full service mechanical and electrical engineering firm, meaning that it subscribes to a total systems approach. It therefore promotes a co-ordinated team effort with specialists in diverse range of disciplines.

With unique capabilities for execution of complete electromechanical solution, Elemec Electro Mechanical Contracting undertakes design, installation, testing, commissioning and maintenance of high rise commercial and residential buildings, hotels, shopping and sports complexes, factories, workshops and showrooms.

The highly skilled and dedicated team of qualified and experienced managers, engineers, foremen and skilled technicians, means that Elemec Electromechanical Contracting has the necessary infrastructure, technical expertise and experience to handle electromechanical contracts of any magnitude in all disciplines.

Elemec Electromechanical Contracting L.L.C is certified to ISO 9001-2008 through Lloyd's Register Quality Assurance (LRQA) in April 2000 and the Certification has been taken over by TUV Rheinland. At present Elemec has been certified as an ISO9001-2008, ISO14001-2004 and OHSAS 18001-2007 through TUV Rheinland and is confident of maintaining high quality workmanship and professional management standards.

Having worked with various Clients, Consultants and Contractors on different projects, the company has established for itself a reputation for quality workmanship, flexibility and timely completion of projects to the highest standards. With a turnkey design and development capability, the company offers services from concept through to commissioning.

Elemec Electromechanical Contracting believes that electromechanical engineering is a service business with each project being approached with a high degree of professionalism by each and every one of its employees. It remains the company's goal to complete not just one project for the Clients, but to service all of their requirements.

Our Completed Projects : 120 Nos.

OUR MAJOR ACTIVITIES

Turnkey Electro Mechanical Engineering & Contracting Solutions which includes Installations, Testing, Commissioning & 24x7 maintenance of:-

- Hotels & Resorts
- High Rise Commercial & Residential Buildings
- Malls & Shopping Complexes
- Industrial Kitchen & Laundry facilities
- Multi-Speciality Hospitals, Research Centres and Specialized Clinics
- Central Cooling Plants
- Data Centres
- Schools & Educational Institutions
- Car Show Rooms
- Luxury Villas
- Industrial Installations & Applications
- Airports & Runways.

OUR SERVICES

Design, Supply, Installation, Testing, Commissioning and Maintenance of:

1. ELECTRICAL

- Erection and commissioning of Electrical Substations
- Supply and installation of Diesel Generating Stations including L.V. Switchgears, Motor Control Centres and Specialized Panels
- Low Voltage & Low Current Installations like Fire Alarm and Emergency Lighting Systems, Security System, Access Control System, Public Address System, CCTV, MATA/SMATV System, Telephone, Structured Cabling System, Computer Installations and Master Clock System
- Building Management System
- Dimming/Lighting Controls for residential and commercial projects
- Lighting Protection
- Street Light Installations

2. AIR – CONDITIONING

- Chilled Water System
- Ducted Split Unit System
- Package Unit System
- Centralized or Individual Ventilation/Exhaust Air Systems
- Ozone Generators

3. PLUMBING, DRAINAGE, FIRE FIGHTING AND LPG SYSTEM

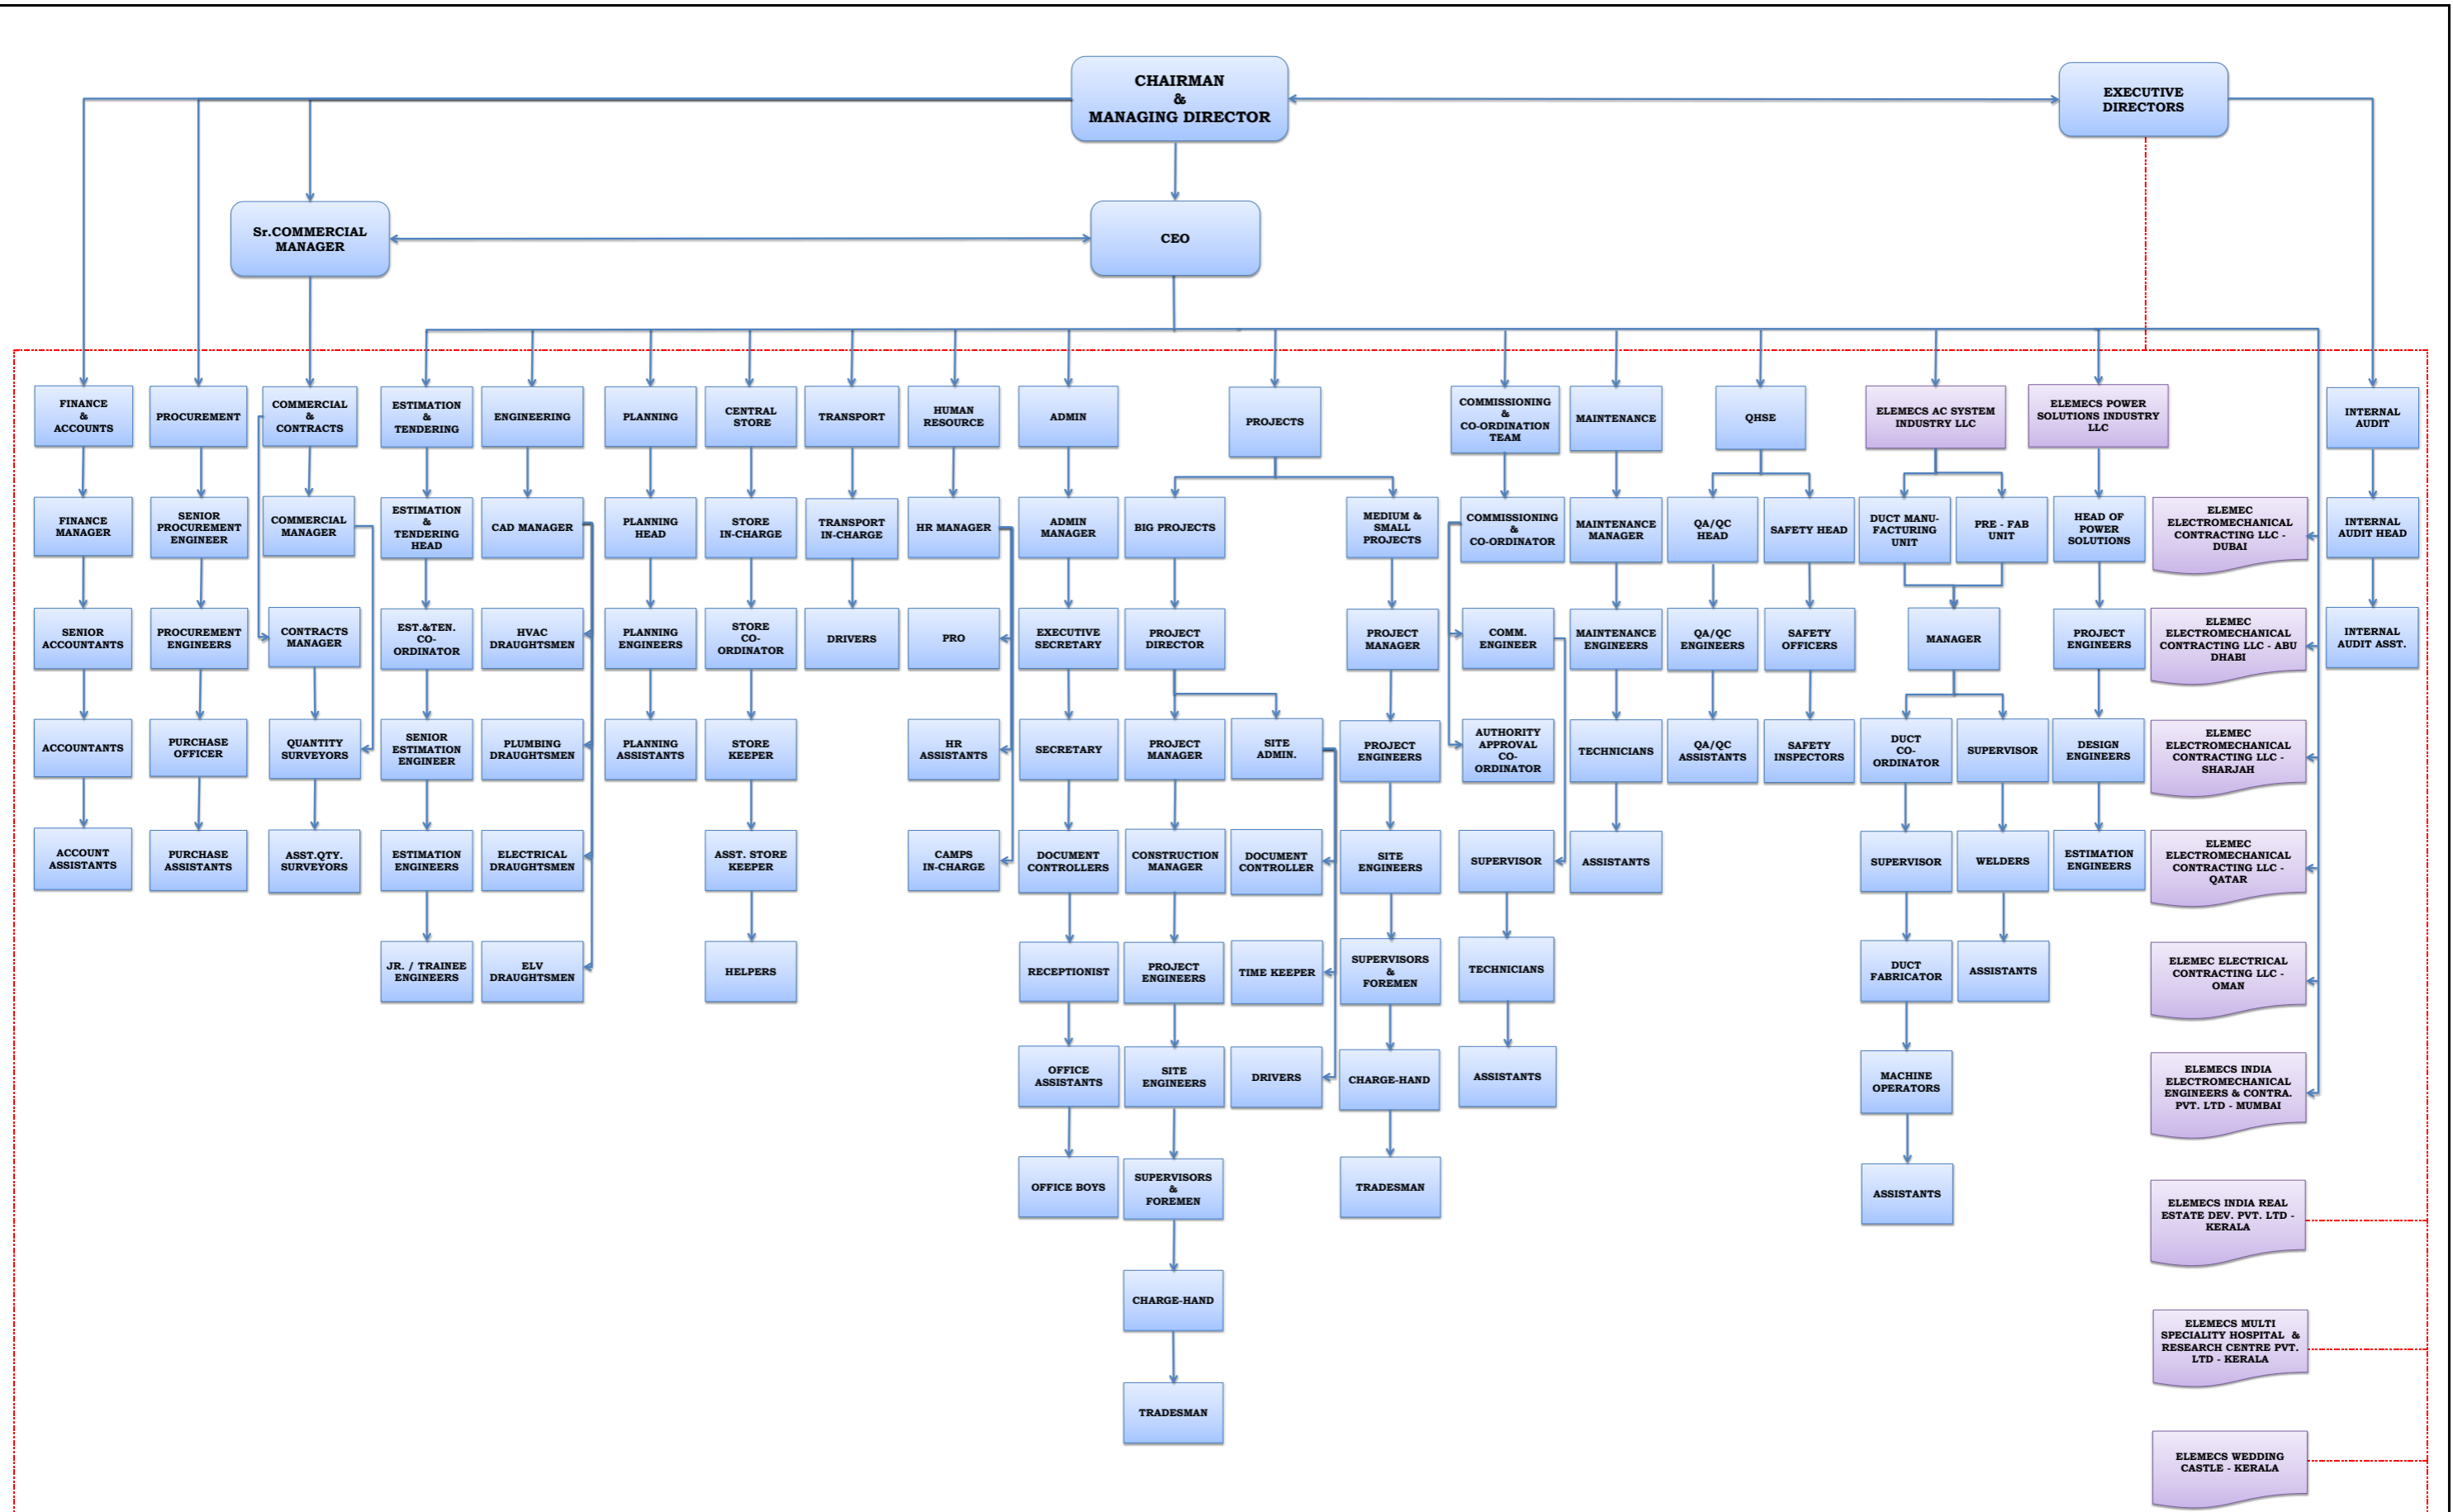

- Hot and Cold Water System including Steam System
- Drainage System
- Pumping Stations
- Sewage Treatment Plants
- Fire Fighting Installations
- Sprinkler Installations
- CO₂, Halogen & FM 200 Installations
- LPG Gas System
- Life Safety Installations
- Compressed Air System
- Solar System

6. CV'S OF KEY PERSONNEL

KEY PERSONNEL- CVs

Name : **Mr. K.D. Gopalakrishnan**

Age : 69 Years

Qualification : Bachelor's Degree in Electrical Engineering

Designation : **Chairman & Managing Director**

Experience : Total 46 years

Nature of work : All Responsibilities as Chairman & Managing Director.

KEY PERSONNEL- CVs

Name : **Dr. Hareesh Krishna**

Age : 41 Years

Qualification : Medicine in MB (ChB equivalent)
Masters MMED SCI in Nephrology
Masters Degree in Business Administration

Designation : **Executive Director**

Experience : Total 12 years

Nature of work : All Responsibilities as Executive Director.

KEY PERSONNEL- CVs

Name : **Dr. Soney Krishna**

Age : 38 Years

Qualification : MBBS, MD
Masters Degree in Business Administration

Designation : **Executive Director**

Experience : Total 9 years

Nature of work : All Responsibilities as Executive Director

KEY PERSONNEL- CVs

Name : **Mr. V. S. Chandra Sekhar Reddy**

Age : 56 Years

Qualification : Masters Degree in Mechanical Engineering
Masters Degree in Business Administration

Designation : **Chief Executive Officer**

Experience : Total 32 years

Nature of work : All Responsibilities as Chief Executive Officer

KEY PERSONNEL- CVs

Name : **Mr. Yashesh Parekh**

Age : 46 Years

Qualification : Bachelor of Engineering in Mechanical

Designation : **Vice President – Mumbai Operations & Business Development**

Experience : Total 25 years

Nature of work : All Responsibilities as Vice President – Operations & Business Development

KEY PERSONNEL- CVs

Name : **Mr. V.C. Sukesh**

Age : 44 Years

Qualification : B. Tech. – Electrical & Electronics Engineering

Designation : **Area Manager**

Experience : Total 23 years

Nature of work : All Responsibilities as Area Manager as per the Company's policy

KEY PERSONNEL- CVs

Name : **Mr. Duvvuri Gangadhara Sastry**

Age : 48 Years

Qualification : B.E - Mechanical

Designation : **Director – Projects**

Experience : Total 25 years

Nature of work : All Responsibilities as the Director of Projects as per the Company's policy.

KEY PERSONNEL- CVs

Name : **Mr. Surendran Vellethery**

Age : 52 Years

Qualification : B. Tech in Electrical Engineering

Designation : **Operations Manager**

Experience : Total 25 years

Nature of work : All Responsibilities as the Operations Manager as per the Company's policy.

KEY PERSONNEL- CVs

Name : **Mr. Milind K Vaidya**

Age : 46 Years

Qualification : BE in Mechanical Engineering

Designation : **Head of Engineering & Procurement**

Experience : Total 23 years

Nature of work : All Responsibilities as the Head of Engineering & Procurement as per the Company's policy.

KEY PERSONNEL- CVs

Name : **Mr. Muthukalai. S**

Age : 50 Years

Qualification : Bachelor's Degree

Designation : **Head of ELV Solutions**

Experience : Total 27 years

Nature of work : All Responsibilities as the Head of ELV Solutions as per the Company's policy

KEY PERSONNEL- CVs

Name : **Mr. Aqeel Ahmed**

Age : 45 Years

Qualification : Bachelor of Electrical Engineering

Designation : **Head of Power Solutions**

Experience : Total 25 years

Nature of work : All Responsibilities as the Head of Power Solutions as per the Company's policy.

KEY PERSONNEL- CVs

Name : **Mr. Krishna Kumar**

Age : 43 Years

Qualification : BE in Mechanical Engineering

Designation : **Head of Engineering**

Experience : Total 25 years

Nature of work : All Responsibilities of the Engineering Head as per the Company's policy.

KEY PERSONNEL- CVs

Name : **Mr. Anish Franklin**

Age : 36 Years

Qualification : Bachelor's Degree in Mechanical Engineering

Designation : **Project Manager**

Experience : Total 13 years

Nature of work : All Responsibilities of the Project Manager as per the Company's policy.

KEY PERSONNEL- CVs

Name : **Mr. Hari T Bharathan**

Age : 40 Years

Qualification : B. Tech - Electrical & Electronics Engineering

Designation : **Project Manager**

Experience : Total 18 years

Nature of work : All Responsibilities of the Project Manager as per the Company's policy.

KEY PERSONNEL- CVs

Name : **Mr. Dayanandan Chandu**

Age : 41 Years

Qualification : Diploma in Mechanical Engineering

Designation : **Project Manager**

Experience : Total 19 years

Nature of work : All Responsibilities of the Project Manager as per the Company's policy.

KEY PERSONNEL- CVs

Name : **Mr. Kani S Kalam**

Age : 38 Years

Qualification : B.Tech in Mechanical Engineering

Designation : **Project Manager**

Experience : Total 15 years

Nature of work : All Responsibilities of the Project Manager as per the Company's policy.

KEY PERSONNEL- CVs

Name : **Mr. Mohammed Arif**

Age : 36 Years

Qualification : Master of Engineering

Designation : **Project Manager**

Experience : Total 12 years

Nature of work : All Responsibilities of the Project Manager as per the Company's policy.

KEY PERSONNEL- CVs

Name : **Mr. Anil Jaiswal**

Age : 42 Years

Qualification : B.E in Mechanical Engineering

12. QUALITY CONTROL ASSURANCE

QUALITY CONTROL ASSURANCE

QUALITY, HEALTH & SAFETY MANAGEMENT SYSTEM

The management of ELEMEC is committed to the task of implementing a Quality, Health & Safety Management System, which conforms to the ISO 9001-2008, ISO14001-2004 and OHSAS 18001-2007 requirements. The company has Quality and HSE policies, which ensures that all the activities are well planned and monitored to ensure total customer satisfaction.

Lloyd's Register Quality Assurance has certified Elemec as an ISO 9000 - 2000 Company on 27th April 2000 and has been upgraded to ISO 9001- 2008 on 14th April 2009. The certification has been taken over by TUV Rheinland in the year 2015. At present Elemec has been certified as an ISO9001-2008 on 13th January 2016, ISO14001-2004 on 19th January 2016 and OHSAS 18001-2007 on 19th January 2016 through TUV Rheinland.

The QHSE department has developed procedures in accordance with ISO9001- 2008, ISO14001-2004 and OHSAS 18001-2007 requirements for various activities within the company and monitor that all activities are carried out strictly in accordance with these procedures. The procedures are constantly enhanced to ensure that all the activities are well planned and executed to ensure total customer satisfaction and smooth flow of the project.

The QHSE department has trained internal auditors who carries out internal audits at regular audits at each site and each department to ensure that all the activities are carried out in accordance with the stipulated procedures with proper documentation.

The department also conducts regular in-house training for employees. External training is provided for senior staff members to keep in pace with constantly changing requirements. The Company also conducts regular external quality audits.

'ONE AVIGHNA PARK' the 64 storey venture encompassing 7 acres from Nish Developers will be an icon in the skyline of Lower Parel, Mumbai. The Phase I of the project - **The REHAB Building** with 543 apartments has been completed. Designated MEP contractors, **Elemec Electrical Contracting Co. LLC, Dubai** has skillfully executed the world class integrated engineering and contracting services of the initiative with ease and sheer professionalism. The new venture will brighten the skies of Lower Parel with peace and prosperity.

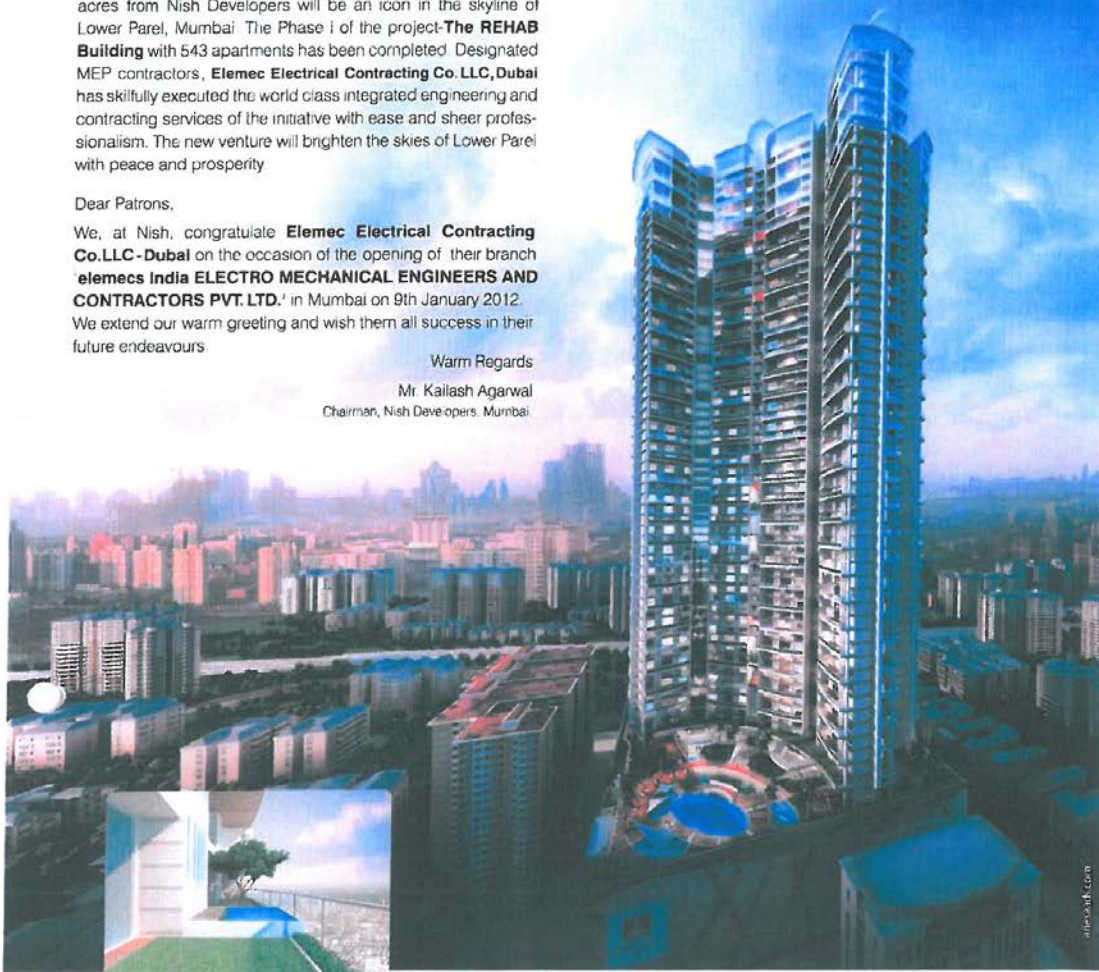

Dear Patrons,

We, at Nish, congratulate **Elemec Electrical Contracting Co. LLC - Dubai** on the occasion of the opening of their branch **elemecs India ELECTRO MECHANICAL ENGINEERS AND CONTRACTORS PVT. LTD.** in Mumbai on 9th January 2012.

We extend our warm greeting and wish them all success in their future endeavours.

Warm Regards

Mr. Kailash Agarwal

Elemec wins MEP contract in \$400 million Mumbai project

Issac John

MUMBAI — Elemec Electrical Contracting Co, a UAE-based contractor has won the electromechanical engineering, design and execution contract of the iconic One Avighna Park in Mumbai.

The \$400 million commercial and residential development is located at Lower Parel in Mumbai, India's financial capital, is being

Dubai headquartered Elemec has won the turn-key electromechanical, or MEP, contract "on the merit of its professionalism and flexibility," said Kailash Agarwal, Chairman of Avighna, India Ltd., the developer of the project, which in the first phase encompasses 64-storeyed luxury residential project, 23-storeyed residential (rehabilitation), and commercial as well as super deluxe service apartments.

Agarwal, who is also a Sharjah-based NRI, said all the buildings in this mega project would be certified as "Green buildings," and will not only have the advantage of energy savings but residents would get an incentive of 50 per cent on property tax as proposed by Municipality to incentivize Green projects.

Agarwal on behalf of Avighna and K D. Gopalakrishnan, managing director of Elemec, signed the electromechanical contract.

The project is designed by architects, WSP Cantor Seinuk, USA and landscaping by Site Concepts, Singapore.

Kailash Agarwal, Chairman of Avighna, with K D. Gopalakrishnan, managing director of Elemec Electrical Contracting Co at the signing of the contract for the iconic One Avighna Park in Mumbai.

The "One Avighna Park" will offer eight floors of podium parking with a capacity of 2,200 cars, more than 100,000 sq ft of open space with a jogging track, swimming pool and a health club along with a sewage and water treatment plant for its 64-storey project, said Agarwal.

Elemec, an leading electromechanical company in the Middle East, has in the past executed the landmark Lofts

at Down Town, Fairways at Greens, Far Business Park, La Rivera Tower and are currently into the Holiday Inn Hotel - Muscat, Tilal Complex - Muscat, Souq Waqif Hotel in Doha and the Prime Tower, Dubai.

"Avighna project marks Elemec's entry into the high potential Indian market. The vast experience and technical expertise we have acquired in the Gulf over the years would give us a lot

of advantage in our Indian foray," said Gopalakrishnan.

While signing the contract with Elemec, Agarwal appreciated the management and engineering team of Elemec for its track record of fast track completion of several projects.

Under the contract, Elemec's scope is to provide advanced services to the project under green concept. The project will have centrally controlled building management system integrated to security and safety, fire protection and detection, plant, CCTV, BARGM and lighting. All materials required are sourced from the UAE, said Agarwal.

The landmark project, located in a prime land measuring 300,000 sq. ft. area at Lower Parel, is under the cluster redevelopment scheme which is estimated to cost Rs.40 billion in total.

On the project's eco friendly focus, Agarwal said, "It is essential to conserve water, and so at One Avighna Park, we are recycling water, doing rain water harvesting, using water from bore wells. Moreover, we also pay attention to details such as providing natural ventilation and light to common areas."

Avighna India was set up in 1987 with its associate company Nishant Import & Export Co. based in Sharjah. The core business was importing liquid petroleum products, gasoline, gas oil, furnace oil and chemicals from the Middle East. Later, Avighna diversified into a shipping company, owning and operating vessels. — issacjohn@khalijtimes.com

ELEMEC CHARITABLE TRUST, KERALA, INDIA

Elemecs Charitable Trust was established in 2007 in Kerala, India. The Elemecs Charitable Trust is committed to supporting local communities and disadvantaged people, particularly in and around Kayamkulam, Kerala where Elemec Group of Companies has a significant presence. We fund projects based on the following three priorities:

- Education and training
- Financial Aid for the needy
- Community regeneration

Each year we invite applications and all proposals are reviewed carefully by the Trustees. If the request falls within the framework of the Trust's priorities, more detailed information may be requested and a site visit initiated by Trust staff. Final decisions about qualified proposals and all grant terms are made by the Trustees.

Since its inception, Elemecs Charitable Trust has been involved in various charitable activities and events within Kerala aimed at the welfare of the people.

In September 2007, the Trust aided in the marriage of 15 impoverished couples by providing them Rupees One Lakh each and arranging the venue and means for the marriage to be conducted according to their respective social and cultural norms.

Since November 2008, the Trust has been providing educational funding for 15 elite impoverished students, coming from all parts of Kerala and from various educational backgrounds (Medical, Engineering, Arts etc.), to pursue their educational goals.

Almost all of the beneficiaries are reporting long term impacts that are significant or exceptional to their lives, which demonstrate that the charities being provided by Elemecs Charitable Trust are very successful in maximising the social return on the investment. What we have also learned from this feedback is that it only takes small gestures to make a big difference.

WORKSHOP

At Dubai Investment Park - UAE, Elemec has well equipped workshop including the "Most Advanced" CNC Plasma cutter from Spiro-Switzerland for the fabrication of sheet metal items to meet the requirements of:-

1. Air Conditioning Department: G.I. Ducts and Accessories, Aluminium cladding, Sound attenuator, Fitters etc.
2. Electrical Department: G.I. Cable Trunking and Accessories.

PRE FABRICATION UNIT

The Pre Fabrication Unit supports all kinds of fabrication works such as valve packages, supports, structural works and Pump room Inertia base that are mainly used for the site works.

Empowered with a state of the art infrastructure and certified professionals, the Pre fabrication Unit has been able to fabricate and supply all Engineering products to our in house projects. The idea of having a centralized fabrication unit is to maintain high levels of efficiency by reducing the duration of site works as well as to deliver quality products to support the fluid movement of work. The certified welders and fitters are highly adept in reviewing the site drawings and proceed in executing the fabrication process by ensuring maintenance of the highest quality of works.

Some of the products which are fabricated from Pre fabrication section are as follows:

- All GI Duct Supports.
- Supports for all Electrical cable Trays.
- Valve packages of all types.
- Pump Room inertia Base.
- Structural works of all types.
- Pipe / Flange welding (with pressure testing) of all types.

ELEMEC POWER SOLUTIONS INDUSTRY L.L.C

A strategic combination of design, innovation, quality and dedicated customer service has made Elemec Power Solutions Industry LLC a reliable and established name in the field of Power Distribution Systems. The products are manufactured and tested in-house, in conformance with ASTA as per the latest IEC Standards.

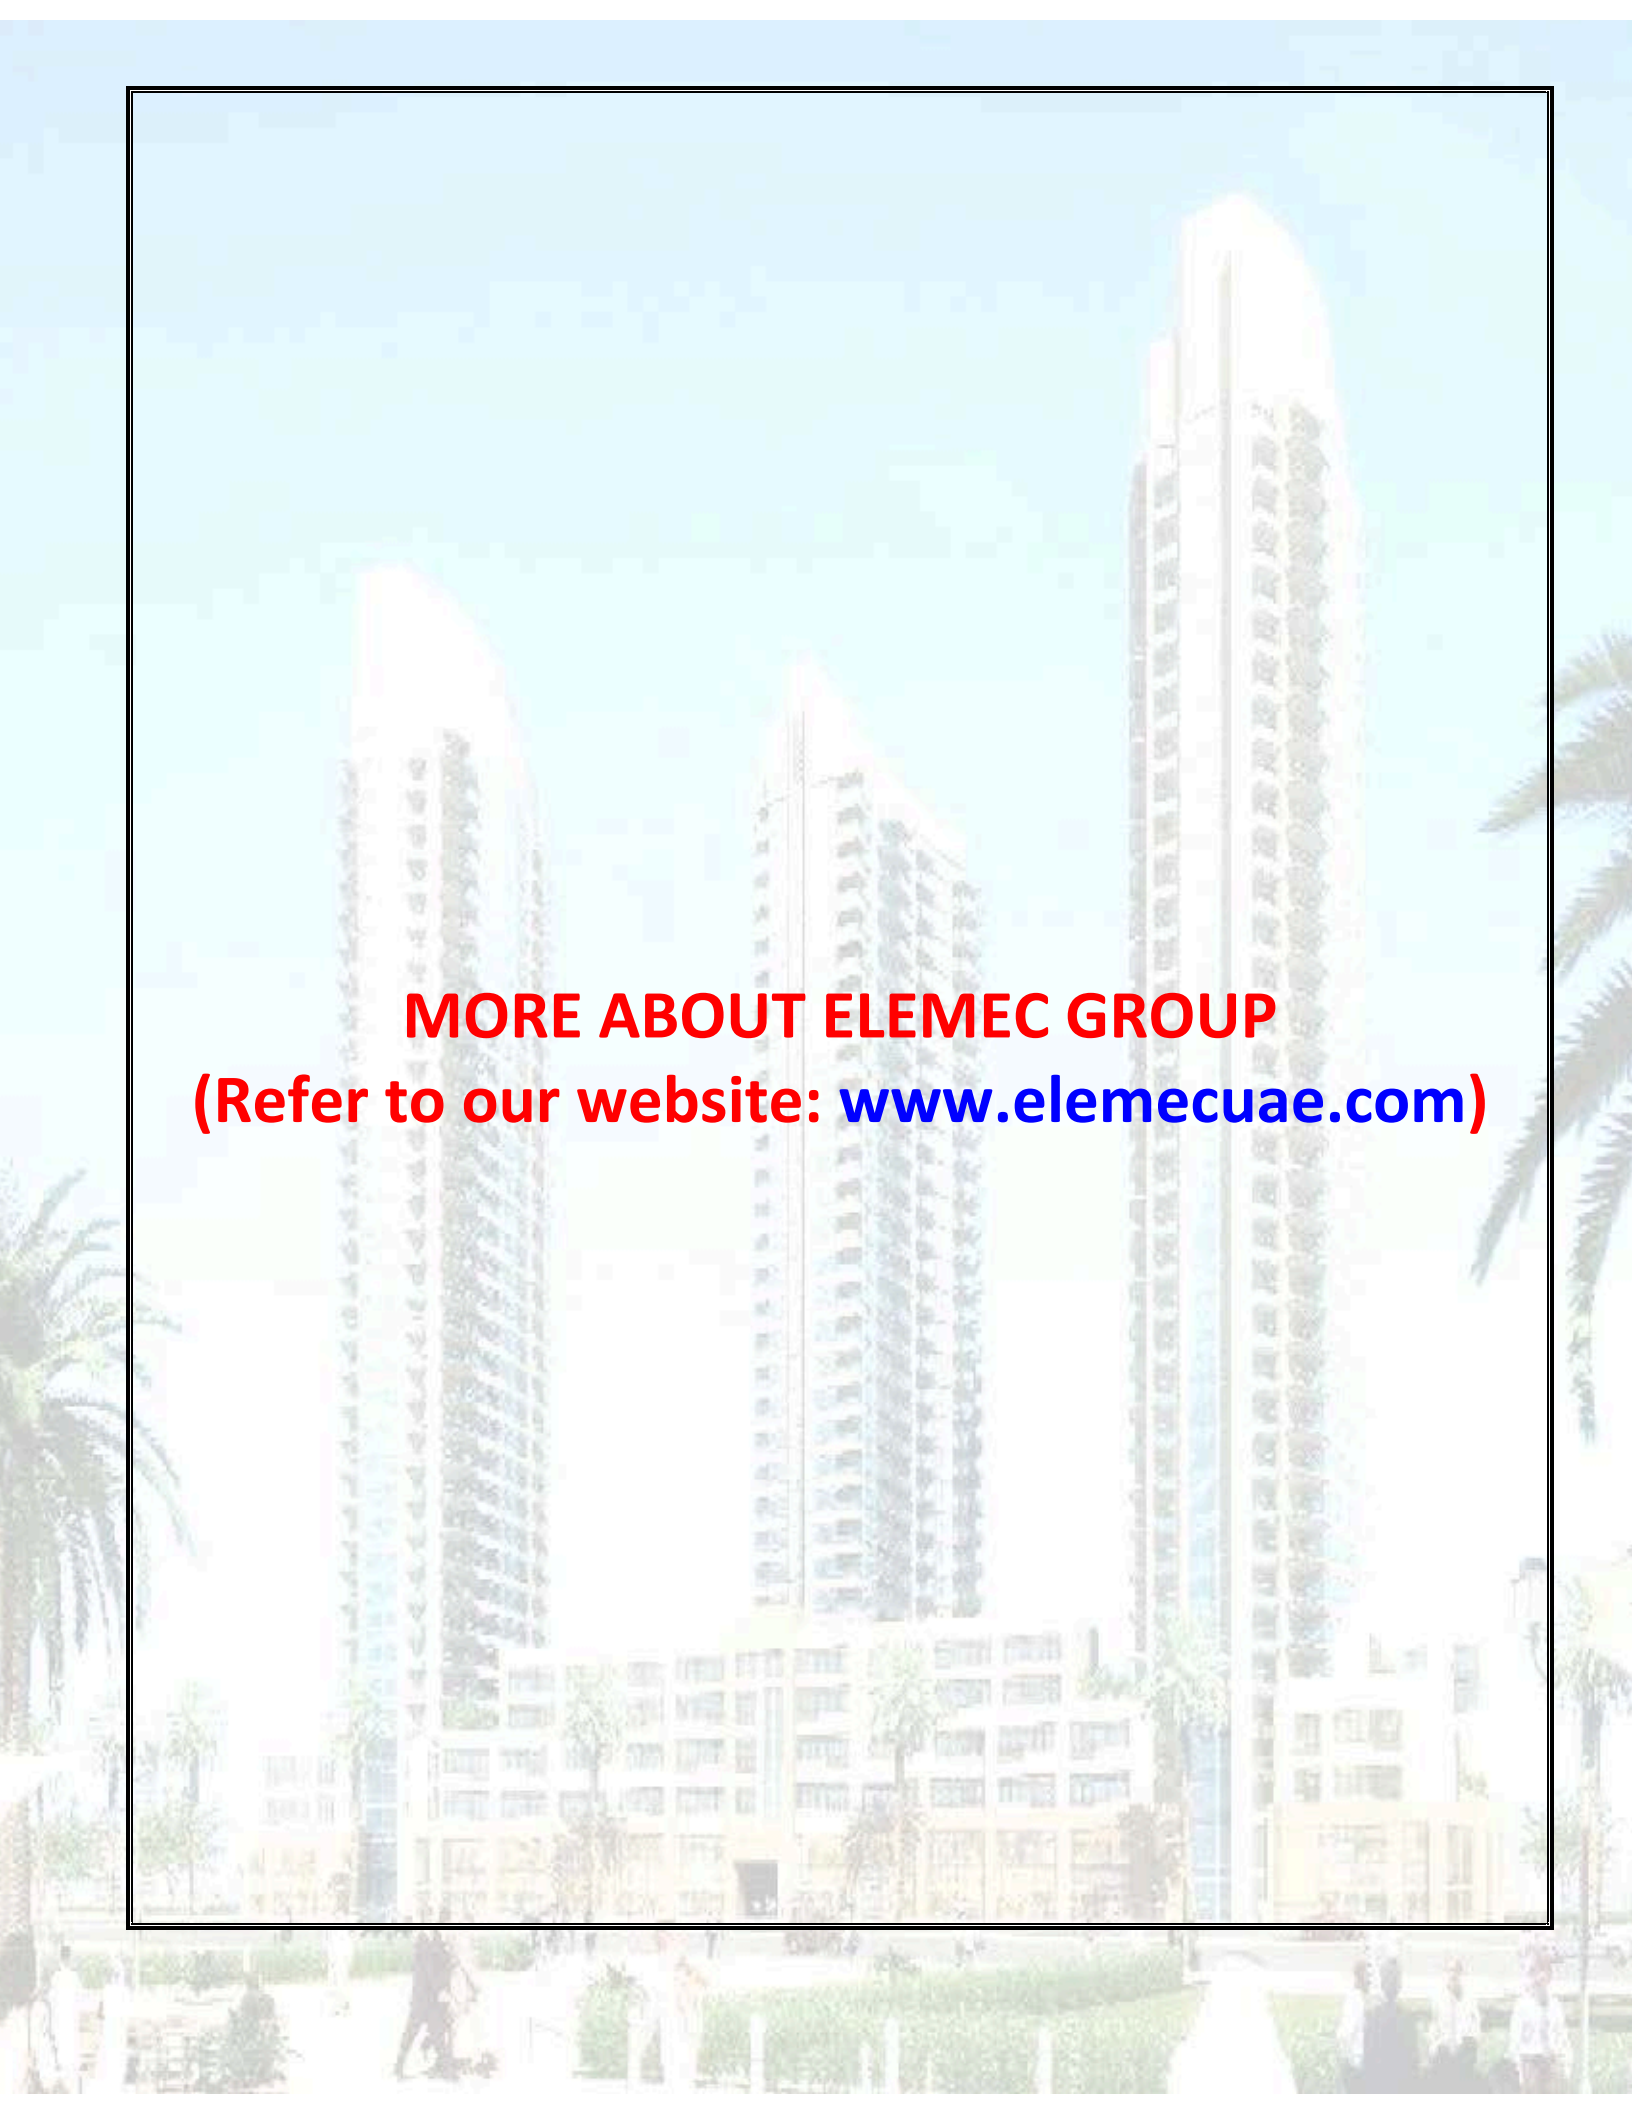

EPSI makes products that are manufactured by skilled workers on latest machines with state of the art technology under the supervision of highly experienced personnel. Areas such as Quality, Material Management and Training & Engineering expertise feature highly in our everyday work. Leveraging from a dedicated team of professionals in our work force, right from operators to supervisors and from Managers to Directors, EPSI, in a short span, has emerged as a trusted name in the field for the solutions of Power Distribution Systems. We offer engineering services to clients across the Middle East and around the World. We provide total engineering solutions in the fields of electrical distribution, control & instrumentation. This includes wing-to-wing project management and design that is complimented with manufacturing, installation and services. All this includes strong emphasis on providing quality solutions to all areas of the Industry. Our Vision is to be a leading business that delivers exceptional yet sustainable value for our customers, employees and communities through growth service and excellence encompassing the highest ethical standards.

CENTRAL STORE

A Large store having over 3500 different items is situated at Dubai Investment Park-Dubai adjacent to Workshop to provide regular support for various sites.
